Games Day-May 22

Mr. Payton has a grand plan for this day. Kids need to wear tennis shoes. Also, bring gloves or an extra pair of socks for Tug of War. This will prevent rope burns.

Student Transfer Requests

Remember - parents who wish to transfer children from one school district to another within the NLCS district must make written application by May 15th each year. Please check your address with district boundaries. Forms are available in the school office. Transfer requests must be submitted each year by all families that do not reside in our district. The principal must report any family that registers at Needmore from another district without a transfer on file. You will be notified in August of transfer approval or denial.

Note: Bus Transportation is not provided for transfer students.

Teacher Appreciation 5/6-5/10

Please let our staff know how much they are appreciated with kind words or tokens of appreciation. You can thank a teacher that you are able to read this newsletter. We've all had some really good teachers as we've grown up. This would also be a good time to send your child's teacher a note to let them know you appreciate what they have done for your child. Our teachers care about your children and want them to have the best future possible. Their hard work and dedication is greatly appreciated. Through this hard work, they touch the lives of thousands of children. They help to mold the dreams of our children to enable them to live rich and complete lives. Our teachers help to shape and transform the lives of students through their critical roles in our school.

Food Drive

Needmore didn't have a food drive during the Christmas holidays. The pantries are full during December. However, there is need for this food all year. Please consider sending a couple of canned food items to school with your child. Bring in items May 6th – May 10th.

5th Grade--Are you up to date with immunizations?

Check with the health dept. or your physician to be sure your child is in compliance with needed shots for entrance to middle school.

**Reminder-incoming 6th grade students must receive immunizations before the first day of school for the 2019-2020 school year. Please call your child's healthcare provider or the Lawrence County Health Department (812-275-3234) to schedule your child's immunizations.

**Please visit the NLCS Health Services website for important information regarding immunizations, medication permission forms, wellness, communicable diseases, and more. NLCS Wellness

Sedentary or "still" time spent watching TV, surfing online, or playing video/computer games is linked to kids becoming overweight. Kids should spend no more than two hours per day on "small screen" entertainment. Plan a range of outdoor games or activities for children as alternatives to watching TV or playing video games.

NLCS Student Safety

Stay away from all downed wires, even if there are no sparks. Don't touch anything, or anyone that is touching it. Get help right away.
